LETTER No. 3657 A1/55-4 dated 26th April 1955

***

Sir,

SUB: ESTABLISHMENT - Highways Department - South Kanara District - Certain bridge works - special staff - continuance.

REF: Para (2) of G.O.Ms.No.805, Public Works, d/2-3-55.

:::

The post of Draftsman III Grade is required for a period of one year from 1.3.55 for the following reasons:

2. The post was sanctioned in connection with the five bridge works mentioned in the G.O. cited. The four bridges at M.21/3; 23/6; 24/3; and 27/3 will be completed by 30.5.55. The bridge at 15/1 is not expected to be completed before 29.2.56. Even after completion of these bridge works a good deal of office work such as scrutiny of revised estimates, completed drawings, completion reports and certificates etc. have to be done. Verification of issue of departmental materials and checking major 7F accounts with respect to the theoritical and actual issues have to be tallied. To do all these the post of a Draftsman upto 29.2.56 is absolutely necessary.

3. The South Kanara Division is having 8 sub-divisions against the normal strength of four. Except for the above work no Draftsman was sanctioned for any of the other special works in this division. The existing strength of five draftsman in the division including the Draftsman for the above special work is quite inadequate to attend to the heavy office work to be done in the division. Twelve major bridges are in progress in the division and a lot of correspondence on the technical matters pertaining to these works have to be attended to in the Technical Section of the division office. In view of the huge volume of work involved, the Divisional Engineer (Highways) South Kanara has even applied for employment of one more draftsman in his office.

4. In the above circumstances I request that sanction may be accorded at least to the continuance of the draftsman mentioned in para 2 of the G.O. cited in South Kanara division office till 29.2.56.

5. As the existing sanction expires on 30.4.55 I am permitting the Superintending Engineer (Highways) to continue the post beyond 30.4.55 in anticipation of orders of Government. I request that my action may be approved.

I request very early orders.

10.6.55

[Issued as G.O. Ms. No. 1869. Pub. dt. 11-6-55]

w.r.t. A on p 2 ante, it is submitted that the CPA have allotted 35 jeeps and two station wagons against the balance requirements of this State. Of the 35 jeeps, 3 will be supplied to the S.C. Project in addition to the 3 already supplied. As the CPA have allotted only 6 jeeps per project, it is not possible to allot any more jeeps for this project. Further local purchase of transport vehicles is not permissible as these are imported items. Therefore, there seems to be no other possibilities to supply one more addl. jeep to this Project for the use of the Agricultural staff. The P.E.O. may therefore be informed that the jeeps available in this project should be used in the best manner possible for all work connected with that Project. For order.
